"You Shall Know the Truth"

War is the sum-total of all crimes. Left to themselves no people would make war. War-makers are heartless, cunning, greedy. All wars are for booty. The U. S. A. engaged in wars for the booty of the Allies and the destruction of free government by the people, of the people, for the people. Wars bring slavery and conscription, debts and poverty for unborn generations even.

America's Most Stupid and Brutal Crime

By KURT MERTIG

NEW YORK,—The United States went into World War II for the avowed purpose of defeating fascism and bringing the benefits of democracy to the peoples of the world.

The final outcome of the war was due exclusively to the unending stream of shipments of utensils of war from this country to Russia and England and due to the active participation of some four millions of American soldiers on the Western front as well as the total wholesale destruction of all German cities — way behind the battle lines and often without military necessity whatsoever — and the murder of German civilians by burning them up with phosphorous bombs and "strafing" indiscriminately German women and children by machine gun fire from low flying planes.

President Truman unctuously broadcast on Armistice Day, 1945, that now, once the shooting war was over, it was time for binding up the wounds of war. And at that time America had the ships, the men, and had the money too, to force Russia, England and France to also live up to his high sounding words to start immediately restoring orderly conditions in occupied Germany, Austria, Hungary and Italy.

However, the man who occupies the White House now by accident is only a backwoods politician of the Pendergast school of ill-fame and a bankrupt haberdasher. He, like Wilson at Versailles, was roped in that ill-famed Potsdam conference and re-enforced that Morgenthau Murder Plan. Congress should make it unlawful for any President of the United States to go abroad and participate in deals with foreign diplomats, because we were swindled too at Teheran, Yalta and everywhere Roosevelt went. And we don't know half of it yet.

Now — although it had become clear a year and a half ago that the Potsdam agreement was impossible of execution and that especially Russia has violated same at every occasion — President Truman still plays Ostrich politics. He does not do anything to attempt to remedy the situation in Central Europe which becomes daily more intolerable and will cause the whole world to plunge into such a disaster, as heretofore has never been experienced by mankind.

Indeed, a fine mess we have brought about by making rubble out of hundreds of peaceful cities and burning up millions of innocent women and children in Central Europe and delivering them over to the red menace of Russia, a country whose civilization is a thousand years behind that one we helped to destroy.

And even now, twenty long months after the conclusion of hostilities, the United States continues with this senseless policy of hate and revenge. We participate — and certainly do not stop our former allies — in the wholesale and senseless destruction of industry, commerce, shipping, agriculture, forestry, mining and, in short, of every achievement of civilization in Germany and elsewhere in Europe.

What has become of American chivalry? Has all American decency died during the rule of bureaucracy in the fourteen years of the "New Deal" swindle? Has it now become the American standard to kick anybody — man, woman or child — when down and out?

Has America no more sense of honor to see to it that the seven millions or more Prisoners of War be allowed to return to their homes and families to take care of their helpless women and children, to rebuild their cities, to take care of their wounded, to earn their livelihood by working again in their peaceful professions as before the war!

Where is this to end when we and our former allies, especially Russia, engage in the same cruelties, and even worse, of which we have accused the Germans and for which we have prosecuted and are still prosecuting German "war criminals" at Nuernberg and elsewhere?!

Is there nobody of authority in the whole Truman administration to speak up against this nonsense of keeping sixty millions of Germans in enforced idleness and on criminally low starvation rations instead of allowing the German people to work again and earn their own living?

Instead of enforcing the Potsdam Agreement in treating Germany as an economic unit and let reconstruction get under way unhampered, our "statesmen" prattle at those silly United Nations sessions and the entire U. S. occupational force and the American civilian administrators — indoctrinated with revenge according to Mosaic law — have wasted American taxpayers' money already since 20 long months to "re-educate" the population of the approximately fourth part of Germany, occupied by American troops.

The only outcome of that folly of the Truman administration will be that the United States, tho self-proclaimed champion of human rights, will stand convicted before the population of Central and Western Europe as a mountebank, a swindler and a hypocrit!

The inevitable result will be to burn into the memories of the people of Europe the most atrocious instance of stupid and brutal hypocrisy the world has ever witnessed — insomuch that any man who in the future may proudly utter the words "I am an American" will merely put his hearers on guard against some expected attempt to gain plunder and power at the expense of those upon whom he professes to desire to confer some benefit.

From all such they will pray God to be protected and delivered.

To Our Subscribers

Postal regulations for second class mail provide that weekly newspapers must take off their list the names of people who are three months behind paying their subscription. So we followed this rule.

Since cost of everything is going up we had to raise the price of our paper to $4 per year & **we must now also curtail the grace period for renewal of subscriptions from 3 to 2 months.**

Sorry, but we have to deal with factors for which even you are responsible. We all are responsible for the mess we made of America and the world.

Kindly watch your address label for expiration date and **renew in advance,** thus making less work for C. Leon who does the bookkeeping and sends out bills.

When renewing, **please state expiration date.** Also supply correct zone number in cities.

Readers living in the **Bronx, N. Y.,** but who receive the paper addressed to **New York City,** will improve delivery by calling our attention to address it to the **Bronx, N. Y.,** postoffice. Please, state zone number, zone number; you forget it most of the time!

Jew Heads "Sedition" Persecutors

WASHINGTON,—Arguments on the government's appeal of the federal court's dismissal of the World War II mass sedition case probably will be heard in April or May, **Irwin Shapiro,** head of the justice department's appellate division, said as he completed another step in the four and a half year case.

The justice department effected transfer of the record of the case—some 20,000 pages—from the federal District court here to the United States Court of Appeals.

Shapiro said a corps of District court clerks has been working on the record since the case was thrown out of federal court here Dec. 2. Delays in getting the record ready were caused by the three extensions of time the justice department has obtained in perfecting its appeal, Shapiro said.

May Cost $50,000

Shapiro said a private printing company estimated it would cost $2.50 a printed page for the first 50 copies to print the record. Thus, the cost might run as high as $50,000, Shapiro said he believed the defendants may demand that the entire record be printed.

A JUDGE OF MEN

SAGINAW, Mich.,—Again, it seems proverbially true that one of the saddest qualities of a limited mentality is its inherent inability to cognize its own limitations.

And so we see one who was apparently quite satisfied to be friendly and cooperative with a Pendergast, able to convince himself that the whole United States senate—indeed, even the entire country—should accept his judgment of Lilienthal. McQ. M.

Is Drugless Naturopathy a "Fraud"?

POST OFFICE ISSUES "FRAUD" ORDER AGAINST LOVRANICH HERB GARDENS

Friends and customers of the late Prof. John Lovranich of Lemon Grove, Calif., near San Diego, will he shocked to know that, after his death, the Postmaster General decided that the professor's herbal remedies were a "fraud".

Margaret Lovranich can receive no first class mail in San Diego or Lemon Grove. All letters addressed to her are returned to senders stamped "Fraud". This was done after an agent of the American Medical Association of Morris Fishbein, "interviewed" Margaret shortly after her husband's death.

The P. O. had asked her to become party to a consent degree that "henceforth" she would desist from selling her "fraudulent" herbs. We told Margaret that this amounted to a confession on her part that the Professor had "defrauded" his customers for 30 years. She refused to cast such a charge against her husband and retained Attorney James J. Laughlin to appear in Washington, D. C., at a hearing before the P. O. Solicitor. Result: the "fraud" order was issued.

The question is now by what divine wisdom can the Postmaster General rule that the Dimes racket for Polio hysteria is a great "humanitarian" blessing; that the drives for "cancer research" are not another racket which defrauds the people out of millions yearly; that vaccination, vivisection, are "beneficial" to suffering humanity; that the "vitamin" and "Alka-Seltzer" bombastic humbug for morons is the last word in "health" while the use of herbs is a "fraud"?

If the Postmaster is so wise that he can dictate to us what remedies to use and thru the monopoly of the mails deprive us of our right of choosing our own remedies, then it is high time that the mail monopoly of the Government meet some competition. Can we allow a bunch of political burocrats, of corrupt and addle-brained boot-lickers of the American Medical Association, to deprive us of our liberty to take care of our own bodies?

It is high time that all drugless physicians, chiropractors, osteopaths, naturopaths and all who appreciate the menace inherent in the power of the government to deprive us of the use of the mails, bring this arbitrary control of our lives to a showdown.

We have advised Margaret to fight back. She must protect the good name of her late husband; she must not permit to have the use of herbs "outlawed" by mail order burocracy as a "fraud". Kindly inform your friends.

Traitorous Marshall and Ben Cohen

Gen. George C. Marshall, the man who committed treason, as the Constitution describes treason, when he collaborated with FDR and the Japs to promote the attack upon Pearl Harbor without sounding the alarm,—this war criminal has been sent by Truman to Moscow to negotiate a "Treaty of Peace" with Austria and Germany. He already announced in advance that he expects no "treaty of peace" with Germany and to make sure he gets none the Sanhedrin sent the Jew Benjamin Cohen along to protect the Morgenthau "treaty of revenge".

Information from several recent travellers in Europe reveals that the gas-chamber murder of 6,000,000 Jews never took place except in the fevered imagination of propagandists. Europe swarms with Jews and no one over there believes that there was any mass murder of Jews.

It has just been revealed that Herbert S. Marx, attorney for the Atomic Energy Commission, is listed in the Congressional Committee files as having been a Communist during the investigations conducted by the Committee in 1940. Of course, Marx denies this, but he does not deny his consistent association with Communists through the years.

John L. Lewis Contempt Verdict

The people of the U. S. A. won a pyrrhic victory in the Supreme Court against John L. Lewis. On the surface it is a victory for lawful processes in industrial warfare, but few are who can see beneath the surface.

John L. Lewis is the product of American feudalism. Like a feudal prince of old he rules the miners and dictates terms to the mining industry, setting the pace for other labor unions to follow. **In the feud the people of the U. S. A. are divided** on both sides: for and against Lewis. **And this was the aim of the Sanhedrin, hidden rulers, from the start.**

While the "show" of Punch and Judy goes on, the Sanhedrin robs us of every vestige of freedom, which they planned to do, hence this feud.

There are two factors which they use: Land-title-rent and usury. As long as land-title-holders are not taxed by federal and state governments on their titles, which are community values, since land values & rental values of land are the product of community activity; the title-holders of valuable land in business districts and huge natural resources receive a privilege for which you and I must pay in additional sales taxes, income taxes, manufacturers taxes, etc., to make up for the tax deficit.

Next, banking has been taken out of the hands of the American bankers in small communities and integrated into a Federal Reserve system controlled by Rothschild, Rockefeller and Co. On this huge scale this private cartel group "coins our money" out of pure usury. They write the money-credit. They had no money to finance Hoover, hence the bank holiday of FDR; where did they get the money to finance the war? To finance England and Russia?

They simply make book entries out of nothing and the U. S. Treasury called it "debt-money" for which we are paying taxes, principal and interest, to the Cartel.

The first thing the U. S. A. must do and finally will do, is to cancel its debt to the Federal Reserve Banks because these never lent us one single penny of honest money. Hence we owe them nothing.

But to keep the people excited and feuding among themselves **the Newdealers encouraged the Labor Rackets Union and John L. Lewis to force workers into their Soviet-unions.** Then they proceeded to discredit the racket by pitching the U. S. courts against the "sacred right to strike". In this fashion, now, the Sanhedrin can, thru control of the U. S. judiciary, control the U. S. workers like chattel slaves.

First, you must join the union to work or starve. Then, you must blindly submit to "government by injunction". This introduces chattel slavery into America with a vengeance!

Few people who hate the Labor Racket are able to see farther ahead and perceive the structure: of the U. S. Government thru its courts, enforcing slave labor in this country. What we are doing to Germany we are reaping right here. And the same Sanhedrin engineers it there and here.

Persecution of Sudeten-Germans

Dear Mr. de Aryan:

Concerning the Sudetens, I have sent protests to every Senator. They seem to be tired of receiving my letters and now ignore these protests. Seemingly the Jews have them in their claws, too. They are afraid to open their mouths in defense of Christianity.

Quo vadis, America?

I admire your courage and firm belief in righteousness. Your opinions about the Germans in this country and abroad is shared by many of my acquaintances and myself. Most of the misery in Germany has been created by these traitors, betrayers, and killers of their kin. For the Jew-dollar they have manufactured the very instruments to erase the cities in which their own parents, brothers and sisters lived and toiled. Many of them dropped the bombs on the places of their birth and unhesitatingly machine-gunned mothers, fathers, and children alike.

These very same "heroes", the murderers of yesterday, have become soft-hearted. As Communists, they are now active in relief organizations. Back in the singing societies they have dug up the old songs again of the homeland "Wie es daheim war", "Nach der Heimat moecht ich wieder", verily, they sing them again "mit Inbrunst" as though the others were to blame for the devastation and misery in Germany. After drying their tears, they happily rejoice in drinking parties. With the "Pilsner Urquell",

manufactured by Sudeten slave labor in Pilsen, Czechoslovakia, made from American UNNRA products, softening their dry gullets they scream at the top of their voices "Hoch soll er leben". Down it goes again and again, the mixture of American grain, Saazer-Sudeten hops, etc., and the drops of blood, sweat and tears from the slave laborers.

Oh how proud we can be!

May God protect you that you may continue speaking and publishing the truth.

Very sincerely yours,
JOSEPH T. AUER

Carol King, a Jewish woman lawyer, who has been retained by Gerhard Eisler, the notorious underground revolutionist, now being held by the Government of the United States because of his treasonable activities, is the same woman lawyer who defended the notorious Communist in California, William Schneiderman. This case became a highly publicized incident when the late Wendell Willkie joined Miss King in defending Schneiderman. In fact, Miss King, it is now positively known, wrote the complete brief which was used before the Supreme Court. All Willkie did was to read it. This gives some idea of the way Willkie and others played deliberately or ignorantly into the hands of the world's most dangerous Red revolutionists. It is the desire of Harold Stassen, former Governor of Minnesota, referred to frequently as the 'Republican Roosevelt', to succeed Willkie as leader of the 'One Worlders'. This may account for Stassen's application for a passport to Moscow where he hopes to visit with Stalin.

Zionist Lies Exposed

For complete leaflet write to League for Peace with Justice in Palestine, P. O. Box 228, Sta. F, New York 16, N. Y.

Editor's Note: This is not a paid Adv.

(Continued)

"They have done abominable works, there is none that doeth good". Psalms 14:1.

Zionists are in a position, **if they so desired,** to immediately conclude arrangements for the "rescue" of their co-religionists of eastern European origin and their resettlement in other countries, excluding Palestine, where they will enjoy security, happiness and economic opportunity. Zionists have refused many opportunities of such a nature which would have absorbed many times the number of displaced persons and refugees seeking new homes abroad. In these highly civilized countries already more than eight millions of their co-religionists have found their Utopia. A quick solution of this problem by such disposal would be a blow to the "professional" Zionists who for years have made the creation of a Jewish State in Palestine their vocation in life. It would mean that thousands of "professional" Zionists would have to seek other employment. The tens of millions of dollars collected annually for the creation of this Jewish State made possible the payment of salaries to "professional" Zionists far in excess of what is paid to United States Federal Judges, Senators, Congressmen and other high-ranking officials of the government. The manner in which they travel and live **at the expense of Zionist funds** to attend the many **"congresses", "conferences"** and **"conventions"** is in big contrast to the manner in which the victims in displaced persons camps live while the "professional" Zionists **"play politics"** with their unattainable objective. There are only 140,000 Zionist co-religionists remaining today in Poland. They all however do not wish to emigrate to Palestine or in fact to any place. There are 200,000 Zionist co-religionists in the displaced persons camps. The American Jewish Committee reported on January 6, 1947, that of the 800,000 persons in these camps 500,000 were Catholics, 100,000 Protestants and 200,000 Jews **"contrary to the generally held opinion"** that they were **all Jews,** or nearly all Jews. Zionists induce, incite, instigate and mislead these poor unfortunates by telling them that Palestine is their only hope. Zionists create this stampede for Palestine by false propaganda. These victims would follow the "professional" Zionist leadership to any spot on earth which would offer them security with opportunity in a country where they would be welcome. The immigration problem of persons of the Jewish faith must be studied in the light of the figure of the Anglo-American Committee of Inquiry which places the number of persons of the Jewish faith in Europe in 1946 at 4,250,000 inclusive of those in Russia. More than 90% of these 4,250,000 have no intention and no desire to emigrate from their present homeland to any country, including a Jewish State in Palestine or elsewhere (except in the course of normal immigration). Persons of the Jewish faith living in England, France, Belgium, Holland, Italy, Spain, Portugal, Switzerland or Austria wish to remain undisturbed in the countries of which they are native citizens with the roots of their families **deep in the soil of these countries.** Zionists **themselves** cannot really believe that transplanting a few hundred thousand of their eastern European co-religionists will solve any "Jewish problem" which may exist as a world-wide question. The task of resettling 340,000 victims of Hitler's terrorism should not be permitted to create all this confusion in the world, or to inflame the passions of peaceful nations, or to agitate terrorism among innocent victims of their own **folly,** or possibly to **provoke another world-war,** as is **now possible.** (To be continued)

Eisler Dictates Policy of Catholic U

League for Peace with Justice in Palestine
P. O. Box 228, Station F.
New York 16, N. Y.

Messrs. R. M. Schoendorf
Habib I. Katibah
Benjamin H. Freedman.

Gentlemen:

One of my readers has sent me a re-print of your one-page adv. which appeared in the New York Herald Tribune January 14, 1947.

I have read this page with deep interest. I consider it devastating as a statement of historical facts, but also the most authoritative document against the preposterous myths the Zionist fanatics and racketeers, in high and low places, have inflicted upon the American people.

These monstrous liars travelling in the guise of religious, civic, and political leaders have not only hood-winked the American Jewish population, sometimes resorting to intimidation and blackmail, but have also perverted the integrity and simple honesty of Christians in all walks of life, in church, government, industry, press and radio. I leave out Motion Pictures, because the men at the head of it never possessed any integrity at any time. I worked with them and for them for seven years.

I was born in Jerusalem and consider Palestine as my original home. Aside from his other activities my father was one of the Directors of the London Jews Society (a non-Jewish society for the benefit of the Jews in Palestine) who worked for years to better the conditions of Jews in that country and those who drifted in from Eastern Europe. He treated Zionism as a cultural issue which would bind the wounds of unwanted European Jews. Never did he dream that such a treacherous motive existed behind this seemingly altruistic and humanitarian movement.

You may say that as a boy I grew up with an intimate knowledge of Zionism and its workings—at least the recent side of it. As a young man and in the service of the British Government in Palestine, I came to know men like Sir Herbert Samuel (now Lord) first civil High Commissioner of Palestine and a Jew, and who was the first to bring pressure upon the British Government under the Earl of Asquith, then under Lloyd George for the issuance of the outrageous Balfour Declaration. On several occasions my father and I questioned him as to the true aim of Zionism. He assured us that nothing resembling a Jewish State was in the minds of English Jewish leaders, but their intention was that Palestine should be a sort of dumping ground for "the lower elements and unwanted Jews in Europe".

A few years later we discovered this was only one side of the question, but the real motive was the **control and development** of the wealth of Dead Sea by English Jewish interests such as the Samuels, Isaacs (Lord Reading), Monds (Lord Melchet) and all the Rothschilds. The "lower elements" of European Jews, as Lord Samuel called them, were intended to do the labor. These giant financiers and English peers, had even provided in their long-range plans, that the native Arabs should not even share in manual labor.

It is unbelievable that Jewish Zionist leaders and financiers who undoubtedly were **in** on this greedy mineral, economic and human piece of exploitation, masquerading under a mantle of humanitarianism, should have been able to deceive the American Jews and collect from them hundreds of millions of dollars to further their scheme. But I find they have been successful, and in reality the millions of American Jews need to be extricated from this grand deception by their so-called leaders.

With the Nazi activities against the Jews in Europe, and which in most cases were propagandized exaggerations, and the post-war disruptions and privations accentuated by maladministration by the "Allies", the Zionist rabble-rousers have found a swollen balloon to hoist before the eyes of the gullible and the sentimentally naive in this country, who have become convinced that Jewish European persecution is part and parcel of the Palestine problem.

These Zionist men-on-horse-back have found able assistance in scores of Jewish Community newspapers all over this country. These scandal sheets use the most vulgar and crude language denouncing and smearing every man who dares stay the whirlwind of their fantastic deceptions. We have several of these filthy sheets in this city, with publishers and editors frothing at the mouth, railing at and threatening people in the most flagrant manner. They have convinced every Jew that there is a Nazi under his bed.

To be called a "Fascist" or an "anti-Semite" should be a laughable matter to thinking people, but this sort of smear has actually intimidated and frightened men in prominent positions, heading organizations, colleges, and clubs.

The latest experience I have had resulting from this vicious character assassination took place in San Francisco January 16, 1947. I was designated by the Arab office and sponsored by the Institute of Arab-American Affairs to appear at the University of San Francisco to debate against a Jewish Rabbi and the British Consul on the subject of Palestine. Upon arrival I found that my appearance had been cancelled by the Dean of the University, Father Feely. Upon investigation I found that the President of the Student body was a Paul A. Eisler, a German refugee Jew, managing the affair. Also the moderator, and Professor of Political Science, a Theodore Franks, also an Austrian refugee Jew, supervising the show. This Eisler had been able to convince the Dean that I was a "Fascist" or/and an "anti-Semite" and had produced a "secret report" presumably issued by the Anti-Defamation League or some other similar undercover Jewish Gestapo organization to that effect.

Because of this under-handed machination the stupid Catholic Dean decreed that I could not appear on the platform. He did not have the decency to call me at the hotel or invite me for an explanation. Here we have a noted Catholic University with the key figure of the student body, and the teacher of political science, both refugee Jews and both suspected of being Communists, as the students told me. Incidently I found the students more alert, informed and courageous than their educators.

Here we have the descendants of Khazar and Mongolian Jews holding key positions in Christian Universities and educating American children. How many of these are there in similar positions? The number would shock the apathetic and ignorant fathers and mothers in this country.

It is disgraceful enough to have Judeo-Communistic-Mongolian-Zionist men holding dominant and influential positions in schools and universities, molding and perverting the minds of young American youth, but the real blame and contempt should fall on the so-called Christian educators, and leaders, who are either naive and ignorant or are being subsidized by the enormous and ill-gotten Zionist treasury.

But then even that is not as bad as our politicians and government officials who jump thru the ring like trained seals to appease the mere wishes of these Zionist mercenaries. Is there any wonder that 50 millions of Arabs look down upon us, or the world regards us as muscled giants with pin-heads?!

Have no fear—the explosion is on the way. But to warn the American people is futile. After all that has happened they are still indolent and ignorant. To heed warnings is not in the make-up of the American people. They only know how to rush to put out the fire when it is already blazing. Twice they have escaped being burned —next time—I know they will not be so lucky. And the Khazar-Mongolian Jews of Europe will have destroyed their last stronghold.

Commending you again on your courageous and intelligent efforts I am, believe me,

Sincerely yours, SALEM BADER

All French politicians are agreed on one point: It does not matter who the Premier is or what he intends to do — the Communists are so strongly entrenched that they are really the dominating factor in the country and can take over whenever they wish. For the time being and so long as no strong man makes his appearance, it serves Moscow's purpose best to have a non-Communist government in France. If Maurice Thorez or Jacques Duclos, the Communist leaders, were to take the reins, France's usefulness to Russia on the international scene would be lost. This strategy will continue until after Stalin's Russia has gotten all it can get out of the Peace Conference.

Rumors About the Near-Great

By C. LEON de ARYAN

"A half-truth is a very dangerous thing."

There have been so many charges and counter-charges levelled against the Mazdaznan sect of Los Angeles and its alleged cult of immoralities; it even was taken to court and aired in hopes of collecting into the millions for "damages". It is timely to look into the matter, especially now, when the world is in a hell of a mess and it falls to the lot of the Zend-Aryan to show the way to salvation by example. You may well imagine how surprised I was when David one evening ventured to ask, "Daddy, was Dr. Hanish a homosexual?"

I looked up at my 6 foot 5 inch tall offspring who towered over me like a giant, yet had never tasted the meat of animal carcass, wondering where he had gotten that absurd notion. Still David was very serious about it. "Daddy, I have it on good authority. Dan told me."

"Who is Dan?"

"He is the brother of ——— and certainly has the inside track. Dan said that Dr. Hanish made advances to him and it was well known in the inner circles."

"My goodness, David, you certainly leave me speechless. I suppose Dan believes it himself. There must be a lot of strife and confusion in Dan's family; some must be slavishly worshiping Dr. Hanish and others regard him a mountebank. Hence the extremes. But you can take it from me, he was no pervert. Make it your business next time you see Dan to cross-examine him minutely on the details of the alleged 'advance' and you'll find there was no more to it than if I threw my arms around you, hugged and kissed you affectionately."

"Yes, daddy, there is quite a split in Dan's family. You are right. Some worship the 'master' as if he were their little tin-god Jesus; the others are quite disgusted and tear him down. But why should he throw his arms around any young man?"

"Now this is another story, child. To understand the need of affection and its expression you must study yourself and your own needs. You see, I have great need of affection. Had your mother been my true mate there would have been a very lovely and affectionate atmosphere and attitude in our family. But because our marriage was one of convenience, we lived as strangers and I did not express my true nature. At first, I handled you with immense love, you were my baby, and sex made no difference. I used to kiss you and we were pals. As the difference between mother and me became more extreme and we quarrelled before you children, I froze gradually until my contact with you became practically a matter of discipline. I was the 'hard' father who insisted on discipline. My affectionate nature had no outlet."

"You mean to say Dr. Hanish was in a similar fix?"

"Yes, David. The higher unfolded spiritually a person is, the greater the need of expressing affection. You'll read in the scriptures that John was lying on the couch with Jesus with his head pillowed on the Master's chest. That was not a homo-sexual 'advance'. It is quite natural. Had we had our natural family life that's exactly how you and I would be expressing our feelings."

"They also charged Socrates with being homosexual, daddy."

"Which explains and illustrates my point. You'll notice that the French yet kiss in public and all Latin men embrace to express their esteem. Now Dr. Hanish had been famished for those of his kind. In a strange land, here in America, when Dan's family became Mazdaznans he loved everyone as he would love his own children. You would not call me homosexual if I gave way to a burst of affection, as the French do, and kissed you?"

"I'll have to talk this over with Dan again."

"Be sure to do that. It will help him a lot, too, and also stop this idiotic and poisonous rumor spreading. Dr. Hanish had many faults and was almost damnably ignorant in matters of great import to his own work. We can point to that when it becomes necessary to advance beyond his line of progress, but you can be at ease, he was no pervert, David."

Elizabeth Dilling vs. Henry George

By C. LEON de ARYAN

In her monthly bulletins Elizabeth Dilling takes an occasional swat at Mrs. Lyrl Clark Van Hyning, editor of **Women's Voice,** Chicago. These two prima donnas naturally are temperamental and it would be a miracle if they got along together for long without scratching each other's face once in a while. Both of them are militantly "nationalist". Both claim to be Christians and followers of Jesus, except that they

draw the line at war. Then they tell Jesus to go to hell with his teachings of loving one's enemies, turning the other cheek and reliance in God's government and both send out their sons to fight the battles for the Sanhedrin.

Mrs. Van Hyning is a student of Henry George. Mrs. Dilling lacks the necessary intelligence to study Henry George. Hence Dilling judges THOUGHT by the company of people who pretend to follow it. In her January 1947 issue appears this gem:

* * * *

A catalog of the Henry George School national headquarters (211 West 79th St., New York City) quotes the endorsements of the honorary national chairman, the very Red John Dewey, whose atheistic Red connections would fill a volume, Kathleen Norris who aided the Red churchburners of Spain, the late Newton D. Baker of B'nai B'rith's National Conference of Christians and Jews and a Socialist, Communist Clarence Darrow, Albert Einstein, a communistic Jew thru and thru, etc.

These Henry George Schools simply carpet the country, there being thirty of them in Chicago and suburbs alone. Tuition is free and it is chartered out of the University of the State of New York and must have colossal financing. Willis J. Abbot, until his death connected with the Christian Science Monitor, was identified with various Marxist activities. He wrote, in the 5/31/33 issue, an article urging a Socialist Single Tax (Henry George theory) fusion ticket for New York in which this appears:

"It is rather an odd fact that although the Socialist 'Bible', 'Das Kapital', by Karl Marx, was published in England twelve years before 'Progress and Poverty' (by Henry George)" it was George's writings and George's agitation that first gave vitality to Socialism in that country. G. Bernard Shaw wrote in 1904 of having by accident wandered into a meeting in London in 1882 and finding George expounding his doctrines: "The result of my hearing that speech, and buying from one of the stewards at the meeting a copy of 'Progress and Poverty' for sixpence was that I plunged into a course of economic study and at a very early age of it became a Socialist. When I was thus swept into the great Socialist revival of 1883, I found that five-sixths of those who were swept in with me had been converted by Henry George." Abbot went on to state that Norman Thomas and the Single Taxers were one in their efforts and should put up a fusion ticket, altho they differ on some doctrines. The Henry George movement is Marxian and Jewish in flavor, everywhere.

* * * *

Now I fully agree that the particular individuals quoted are Marxists and that the Henry George "School" and its branches are Marxist and Jewish. I have drawn attention to that fact, too. But what Dilling does not realize is that the teachings of Henry George are the **economic foundation** of Individualism and Americanism, of the very Golden Rule applied in economics.

In a nutshell, George teaches that private property belongs to the individual and individuals creating it, while public property belongs to the public creating it. How can THIS be **Marxian?**

Under the Henry George system the state has **no right to tax private property,** it can collect ONLY the values it creates: land-values. George went to show that with increase of population land-values increased. He took California and San Francisco for his example. So he reasoned correctly, that the title-holder to land **did not produce the increased value,** hence this increment was not earned by him and George proposed that **this individually unearned increment,** accruing to the title-holder, be taken by the state in lieu of ALL other taxes. THIS he called SINGLE-TAX. And George is perfectly correct from the point of view of **equity,** of protecting private property from being confiscated by taxation; as well as from the Christian angle of the Golden Rule, that each enjoy the full product of his respective labors: the individual his private property, the state collect the FULL RENT value of the land at each location **in lieu of taxes.** Today we teach that no tax whatever is needed as long as the state collects its full RENT.

This, Dilling confounds with Marxism. It takes a sloppy brain to misread George's teachings and confound them with Marxism.

Because George **breaks up the sanctity-nimbus of LANDED NOBILITY'S TITLE-RIGHTS** to collect the last farthing and pound of flesh from the serf-tenants, naturally, his reasoning broke the ice for the Socialists and Communists to expose the Tories. THEREFORE, according to Dilling, Henry George teaches Marxism. If God gave her intelligence it is evident by its absence.

According to Dilling, Jesus was a Jew. Hence Christianity is Jewish. And according to the apostles, Communism was the right way for Christians to live in. So there you are. And because Mohammedans **accept Jesus as a prophet,** Christianity becomes Mohammedan? And worse, Dr. Louis G. Reynolds, a Jewish-Marxian advocate, writes in the **Jewish Voice:** "Jesus as a man and as a social revolutionary means a great deal to me. I am glad to claim kinship with a **fellow-Jew** who heroically castigated the powerful of the land and was willing to suffer death for the sake of his principles."

Now, since Dilling judges THOUGHT by the people who praise it, as she judges Henry George's doctrines by the Communists who abuse it, naturally, Dilling will have no further truck with Jesus whom Reynolds adopts as a "social revolutionary" and a "fellow-Jew". Hence, we do see that Dilling actually renegs on Jesus and joins in with the Sanhedrin by sending her boy to war. Q. E. D. John 8:44.

Defense Fund for Joan McBride

Dear Kosti:

Herewith three $100 M. O. with no strings tied; for Joan and the rescue of the world from this slave labor. Love, ALMA

* * * *

Dear Alma:

Thanks for the $300. As Helen wrote me, you wanted to pay for a trip to Detroit that I may consult with Joan's attorney on the best strategy. Instead, though, I mailed him $200 to insure his expenses and appearance before the Appellate Court in Cincinnati for admitting Joan to bail. I am using the other $100 to cover present and future cost of long distance phone consultations which do the work almost as well as my projected visit to Detroit might have.

Thanks for your courage in digging up the money. You helped before when we got Joan out of Tehachepi and we will succeed again to bring back respect for U. S. treaty obligations.

Sincerely, KOSTI.

* * * *

Dear Mr. Bowles:

I am enclosing $200 on account of Mrs. Joan McBride's defense. Money is coming in driblets, but it's steady. Sincerely,

C. LEON de ARYAN.

* * * *

Dear Mr. de Aryan:

I have awaited writing you further in order that I might give you the outcome of the application for bail. In view of the fact that the Court of Appeals does not convene until March 31, as stated in my previous letter, I presented the application to Judge Simons, asking that he admit her to bail, which he could do if he saw fit. We appeared before him but he declined to act individually saying that he would not personally take the responsibility of acting on the petition, and denied it without prejudice to my right to present the same to the Court when it convenes the latter part of the month. With that disposed of for the immediate present, I want to discuss your viewpoint of the case, as explained in your last letter to me . . . .

Sincerely yours, CHARLES BOWLES

Editor's Note: We had a long distance phone conference which, while expensive, costs less than a round trip to Detroit.

* * * *

Dear Mr. de Aryan:

Enclosed check please use for the Joan McBride Fund. May God bless your efforts. May He crown them with success. I am praying for you daily. Most sincerely, M. B.

* * * *

Dear Kosti:

Herewith $3.00 for the Defense of Joan McBride. It is not much, but the small amount given, whole heartedly by three German ladies.

Yours sincerely, J. H.

* * * *

Dear Sir:

Enclosed find check of $10. towards the trial of Joan McBride. I do wish people would realize the significance of this coming trial. Mine and my family's good wishes are with you all in this undertaking.

One more "Good Luck" E. B. E.

* * * *

Dear Kosti:

Enclosed find $10.00. $5.00 are for the McBride Defense Fund, or rather the Defense Fund of the Constitution, and $5.00 for renewal of my brother's subscription in Zuerich.

Sincerely, O. S.

* * * *

Dear Mr. de Aryan:

This will acknowledge receipt of your favors of the 2nd & 4th instant enclosing bank money order in the amount of $100.00.

Thanking you and awaiting your further reply, I am, Sincerely yours,

CHARLES BOWLES

"Rats in the Corn Crib"

SHYSTERISM AGAINST CHURCH EXPOSED

LOS ANGELES, March 7,—Judge John W. Preston appeared in U. S. District Court of Judge Mathes with a petition for suspension of unnecessary liquidaton of properties of "Christ's Church of the Golden Rule" and proved that the whole proceeding which threw the Church into bankruptcy, as well as the manner in which it is being liquidated, is nothing but **"Rats in the Corn Crib"** which is another name for this orgy of shysterism.

Judge Preston showed that at the time when Arthur L. Bell asked for the protection of the federal court against the persecution by CIO-Kenny-stooges, the total debt-claims were $110,000, while the assets were over **two million.** But by the activities of the Attorney General "dissenters" added $290,000 more claims. All told not more than $400,000.

Report by the auditors, hired by the Referee, shows that **no taxes are due** to the State or the U. S. Treasury and that at the outset, **even the claims of the two governments could be scaled down to a maximum of $250,000.**

Total cash realized from sales of property is $738,408.26.

There is over one million dollars worth of assets **left over, hence the estate is solvent.** But the **"Rats in the Corn Crib"** have presented a brief in Bankruptcy Court in which they list **the sums of $35,000 for Trustees Fees YET TO BE PAID; also for Counsel for Trustees $125,000.** This is on top of what they have received to date in full payment. They want to give the Referees $50,000. This brings up a total way above $230,000, counting the amounts already paid out.

So here is the picture:

Kenny starts abusing his powers as Attorney General to please the CIO because the Church refuses to join the union. He has an ignorant and compliant judge in State Court summarily take away the Church from its people and appoints a former partner of Kenny as receiver. This fellow stops payment on obligations which throws the estate into "bankruptcy". The amount due is $110,000. **BUT the attorneys for the Trustees are listed for fees EXCEEDING $150,000** with what they already received. Add to it what the receivers and their attorneys, the Trustees and the Referees are listed to receive and here is the whole **Conspiracy:** TWICE the amounts in FEES than what the **original debt was.** If this is not shysterism, what is it?

When Judge Mathes' attention was called to these figures by Judge Preston he exclaimed: "They will never get those fees" and the court himself realized what a rotten deal the Church was getting. He went out of his way to suggest a compromise to stop the **Rats in the Corn Crib** from eating up the estate. His suggestions are practical and acceptable to the Church.

For the first time Arthur L. Bell and his followers are getting a break in Judge Mathes' court.

The Undeclared War with Russia

President Truman is asking for money to bolster the British faction in Greece and guns and ammunition to arm the Greeks. It's the same old lend-lease lies which FDR dished out paving the way for war with Germany. Truman will no more keep Russia down by arming the Greeks and handing them our money than FDR did by arming England and financing it.

These murderers and war criminals went ahead and destroyed Germany, which would have kept Russia in check and **they armed Russia and CONTINUE TO DO SO,** while we pay for it all in increased and burdensome taxation **and with the lives of our young men and women.** And now they want to arm the Greeks to fight the Russians who have been armed with American guns, too.

Does this not prove that Truman **REALLY WORKS TO START WORLD WAR III and therefore appointed Gen. Marshall to bring it about the way Marshall produced Pearl Harbor?**

"Purim", Jewish Conspiracy to Liquidate Gentiles

Richard E. Gutstadt, of San Francisco, National Director of the Anti-Defamation League of B'nai B'rith, said in San Diego that "leaders of organized labor, war veterans, the Christian ministry and foremost educators in America are determined to meet challenges to democracy." He spoke at a meeting in Temple Beth Israel after a **traditional Festival of Purim service.**

Gutstadt said leaders in important parts of American life "are outspoken in their determination to meet the threat to democracy raised by such groups as the Ku Klux Klan and pro-Fascist organizations." His talk was sponsored by the local B'nai B'rith chapter, of which Morris Douglas is president.

Editor's Note: The book of "Esther" explains what the "traditional Festival of Purim service" really is: they murdered more than 5000 Persian "anti-Semites" in cold blood.

Federal City

Gallup Disturbs G.O.P.—"I Told You So!"
Should Hawaii Be Admitted?

By WASHINGTON ADAMS

WASHINGTON (Special) March 5—Our Federal City looked today upon the disturbed faces of Republican legislators, who have read the latest Gallup poll, showing that the parties have reversed their positions in popular favor. Gallup put the G. O. P. now as having 49% of the voters' preference for President in 1948, compared with 51% in the previous count, losing 2% to the Democrats, who now stand at 51%.

Failure of the new G. O. P. Congress to adopt an unified policy of quick and speedy OPPOSITION TO NEWDEAL SOCIALISM has done more than anything else to cause this slight shift of TWO PERCENT of the voters against the G. O. P.

Elevation of the New Deal Republicans—Martin to be House Speaker and Vandenberg to the Presidency of the Senate—unquestionably hurt the Republicans, as I pointed out a few weeks ago.

You recall how I asked the question—**"Has the G. O. P. been eating LOCO WEED"?**

And how I wrote that in the Bilbo case the G. O. P. Senate fell flat upon its face and kissed the big toe of the black African Frankenstein monster.

The Republicans are trying to appease pink Negroes and Red Jews, who were against them before and will be against them again in '48. Appeasement is a great mistake.

Unwilling to recognize the 1,000,000 MAJORITY that California Americans cast against the infamous "FEPC" last November, soft-headed Republicans, like Dirksen of Illinois, have agreed to go along with the damnable Red measure in Congress, and this has weakened the party.

The presence of stooges like Dewey, Ives, Morse and Stassen are damaging to the Republican good name. Dewey is a front for the New York foreign influence and a would-be despot, who does not understand the American form of government. **Ives is a "Mortimer Snerd"** for the same gang. Morse and Stassen are "New Deal Socialists" and Republicans only in name.

Truman's popularity with the illiterate is increasing; and he is unquestionably a bigger-hearted man than Roosevelt. But he and Dewey are perhaps two of the three greatest DEMAGOGUES in our nation's history.

As Bevin of England truly said, there was a race in demagoguery between Truman and Dewey at Yom Kippur last October to meddle in the Palestine issue, in **competition for winning the Jewish vote.** Truman beat Dewey by a day or two.

SHALL WE ADMIT HAWAII?

If we need the mongrel citizens of Hawaii to help us run the mainland, then by all means admit HAWAII as a State.

If we really need the advice and chicane of the Chinese and Japanese Senators who will be sent to our national Legislature, let us make the islands our 49th State.

But I do not think so. We do not need their advice on how to run the U. S. A. We Americans are capable of self-government, of a sort.

If the Hawaiians are fit for self-government, they already have about as much as Canada has or as they need. Britain sends a Governor-General as a royal figure-head to Canada, which is ruled by its Parliament.

We send a territorial governor to Hawaii, and the islands elect, and govern themselves thru, their legislature. If this is not sufficient, let us give them DOMINION STATUS, as we should have done with the Filipinos.

WE CERTAINLY DON'T NEED THEIR HELP IN GOVERNING OUR 48 STATES. It would weaken our representative system at Washington.

Hawaii's Oriental Senators would simply AUGMENT the unfortunate FOREIGN INFLUENCE THAT WASHINGTON WARNED AGAINST & which has blossomed in full flower in the past 14 years — and almost RUINED US!

Look what an evil influence the Indian CHAVEZ of New Mexico has wielded in our Senate, in his stooge-sponsorship of the Red "FEPC"!

Alexander Hamilton on June 17, 1787, in one of the greatest speeches that ever fell from the lips of man, warned the Constitutional Convention at Philadelphia as follows:

"BAD PRINCIPLES IN A GOVERNMENT THOUGH SLOW ARE SURE IN THEIR OPERATION, AND WILL GRADUALLY DESTROY IT."

Our worst "bad principle" in America is the damnable NOMINATING CONVENTION SYSTEM, which sprang up in 1832—thirty-three years after Washington's death, and when every one of the Founding Fathers was dead, save Madison alone. Unfortunately the debates of the great convention had not yet been published. The nomination "bugs" were very ignorant.

But the gigantic evil of this system did not show up completely until 100 years later, altho it had consistently robbed us of great Presidents. It is governed by no law, Federal or State; does not represent the people, but only the POLITICIANS.

Its monstrous evil lies in this: IT PERMITS CUNNING MINORITIES TO CONTROL BOTH PARTY CONVENTIONS and render the people helpless. The voters can only choose between Tweedledum and Tweedledee.

Admitting Hawaii will accentuate the minority control—will do us no good and may seriously harm us!

Why is it that when a person learns you have a tender heart, he assumes you have a soft head?

Warren's Gasoline Tax Racket

Dear Sir:

I write to pay my respects to an editor alert enough to see through hysteria generated by a carefully calculated emotional appeal.

Specifically, I refer to your editorial comment on the proposed gasoline tax increase.

When Governor Warren called the legislature into special session, he said there was "urgent need" for immediate consideration of a highway program. As laid out by the Collier committee, this program calls for the expenditure of $2,800,000,000. Today it is conceded the move was not a wise one for even the governor's budget shows the Division of Highways—if the speed-up program is adopted—will have $13 million left over on June 30, 1948. They will have at least that much left without raising taxes a bit. Actually the division has on hand or will receive more money during the next four years than it will spend, if the recommendation of the Kennedy report is followed. And no hurry-hurry legislation can possibly add a cubit to our state roads.

At least that is how the legislature felt, for it adjourned and is now at home talking it over with its collective constituents. Which is precisely why the provision for recess was put in the constitution.

Your editorial attitude has been all any citizen could ask: You want good roads. (We do too.) You wish to be shown the actual need for additional taxes—not funny bookkeeping. (We do too.) If there is no need for more money, you oppose more taxes. (We do too.)

The State Division of Highways has about $90 million in unspent Tax dollars. The money is coming in faster than it is being spent. Over the next four years, California will have $680 million for highway purposes. (Senate Journal, Feb. 5, 1947). The Kennedy report of the Collier committee recommends $633 million for highway purposes during this period. (Collier committee report, pages 177-182.) Thus, after four years of such spending there will remain a surplus of over $43 million. The oil industry has tried to keep its sights focused on these figures, tried to ignore the emotional appeal and subterfuge employed by the Division of Highways.

Which, of course, is the total of your editorial expression. Again, our respects to an alert editor.

Yours very truly,
DON E. GILMAN,
Executive Vice President
Western Oil & Gas Association.

The Red elements who organized the picket lines and the mobs against the recent Nationalist rallies on the West Coast were the same personalities, generally, who sponsored the recent appearance of ex-Governor Arnall, of Georgia, in Los Angeles. Walter Winchell tried to work up a hoax about an attempt to assassinate the ex-Governor. It, of course, was just a publicity stunt similar to the one he worked up involving the alleged beating of John Roy Carlson (?), whose real name is Avedis Boghus Derounian. It is now an open secret that the so-called beating of Derounian was a stunt to increase the sales of the new character assassination book, "The Plotters".

Baruch's Atomic Proposal

Out of the Frying Pan and Into the Fire

By H. A. JACKSON

(Concluded)

Reves after repeating in various ways, what any thinking person recognizes as Fascism, finally abandons caution and says outright, what Fritz Kuhn would have been sent to a Federal Prison, if not hanged for; especially if uttered during the war. All thru the book, he by innuendo urges scrapping our constituitonal safeguards, to set up Fascist machinery here in the United States. However, before he finishes, he throws caution to the winds and says right out loud, what really is on his mind.

Listen: (page 269) "If we cannot attain universalism and create union by common consent, and by democratic methods, as a result of rational thinking, — rather than retard the process, let us precipitate unification **by conquest.**"

Did Hitler ever state his case for Nazism with any greater brutal frankness than that? Even this revoltingly frank statement hardly creates a ripple with those who have spent their whole lives and careers sloppily affecting to worship the American Constitution. This whole aggregation has gone overboard 100% for Baruch's atomic supervision plan.

Of course, whatever we may think of that band of loose thinkers who fall for Reves' philosophy, Baruch cannot be placed in their category. Barney and his band of American Tories know just exactly what they are doing. They are making a bid to make the world safe for privilege and monopoly. It is important that we examine the process by which they hope to accomplish their object.

The holders of monopolistic privilege already well entrenched, will find itself in a position absolutely impregnable if protected by the only military force capable of making itself felt. This is the power we would be putting into their hands thru the machinery of the U. N.

Many men are fired with a desire to save the world; some are sincere and others are not. Hitler told the world that he wanted to save it, but it later developed that he wanted to save it for himself. Even the sincerest saviors of the world should be investigated, and not taken at their face value. The world needs saving because of the rotten economic administration of every nation on Earth that I know anything about, especially the big ones. The question is, what is the rational way to save it?

To be brief, all wars are caused by the struggle for control of the earth's strategic natural resources. If we can solve that problem, we shall have found the only rational means of stopping armed conflict.

The abolition of the monopoly of those strategic natural resources which control production of any kind of wealth whatever, is essential to peace. Not only that, but it would bring to the world for the first time in human history, sanity, free enterprise, and democracy.

What are these strategic monopolistic privileges of which I speak?

I shall specify just what they embrace and then go on to offer a rational solution for the horrible mess into which the whole world has sunk, despite the guidance of what professes to be the last word in economic knowledge.

Monopoly and special privilege may be divided into two great classes: (1) Natural monopoly, and (2) Legislatively created monopoly.

In the first class are all the natural metallic and crude chemical deposits in the earth, and land value itself. Embraced in this classification are all the natural agencies which cannot be duplicated artificially, and without which no creation of wealth of any kind may be effected. It also includes the kinetic energy of falling water and that immensely important item of petroleum, etc.

Legislative monopolies are those which are created by fiat of legislation. They embrace complete or partial monopoly of furnishing service exclusively, to the people, and in which public property must be used. They cover railroads, shipping terminals, tariffs, subsidies, bonuses, patent monopolies, communication facilities, etc.

It is when the great powers clash in maneuvering for position in the weaker **nations,** over natural resources, that wars are brewed. Whatever issues are dragged in to justify their actions in goading the people to armed conflict, never for a moment forget, that they are fighting for natural resources. The present mess in Iran is actuated by what? Petroleum.

The Russian military clique has published in Russia a complete manual outlining a plan for bombing and sabotaging the U. S. It is being used as a textbook in the Russian Army. The information contained in this manual has been gathered thru the cooperation of softies, do-gooders, sentimentalists, and downright traitors here in the U. S. A. American military leaders when shown a copy of the manual pronounced it one of the greatest intelligence jobs in military history. It is agreed by our military authorities that the U. S. does not possess any comparable data on Russia because Russia has barred our American technicians from visiting Soviet industrial plants, while we have thrown our plants and our installations open to the Russian visitors who, in fact, are spies.

Remember Pearl Harbor!

(THE INDIVIDUALIST, DANVILLE, VA.)

Ye printer doesn't like the idea of General Marshall as Secretary of State and heir apparent to the Presidency; and for more reasons than one. A man who has been a professional soldier all of his adult life, is not likely to have developed the qualities needed where a man must get things done by voluntary cooperation. Generals form a habit of issuing orders; or of unquestioning obedience to higher authority. Neither of these qualities is desirable in a Secretary of State. It will also be remembered that Marshall's most outstanding characteristic as Chief of Staff, was the ease with which he could change his professional opinion to suit the political purposes of Mr. Roosevelt.

The evidence seems clear that George C. Marshall had ample warning of the Japanese intention to attack Pearl Harbor; and that for some reason that he has never explained, he withheld that information, and left men under his command to die. If this happened thru negligence, it was a more serious fault than when a sentry falls asleep on his post; and the penalty for sleeping on post is a dishonorable death. If the withholding was deliberate, it was betrayal of a supreme trust. In either case, George C. Marshall should not be trusted again.

Certainly, in the conduct of foreign affairs he will not truly represent a majority of the American people. It is doubtful that even a majority of the Democrats approve his appointment. Why was he appointed?

A man of honor, guilty of even an honest error of judgment that had resulted in so complete a disaster as Pearl Harbor, would refuse to accept another position of trust combined with authority. Neither would he connive in the framing of a false report designed to make a subordinate bear the brunt of an infamy that was rightly his own.

History is the most important part of education, because it is only thru knowledge of how men have acted in the past that it is possible to judge how they will act in the future. A child who is taught falsehoods is worse handicapped than a child who has no education.

General Short, and Admiral Kimmel, will waive the statute of limitations, and stand trial. That is the honest way to get at the truth. Why not?

The few instances when a military hero was elected President were not especially fortunate, and experiences of the neighbors to the southward should be ample warning of the dangers in allowing the military to become superior to the civil power. While Congress is discussing the No-Third-Term Amendment it would be well to consider the question of a successor to the Vice President.

Observers are referring more and more to the United Nations, the World Bank, and the World Food Organization, etc., as the "International New Deal". Just as the domestic New Deal was a device to put over Communism by stealth, so the "International New Deal", is attempting to do the same thing on a world scale. Thus, in choosing between World Communism and the United Nations "International New Deal", the U. S. has the same choice as it had in 1940 between Willkie and Roosevelt or 1944 between Dewey and Roosevelt — namely, no choice at all. Providing prospective victims with a choice between fake alternatives is another clever Red tactic.

"The Anti-Communist"

From the Desk of Eugene R. Flitcraft

Leon:

Want your reaction to the enclosed new publication I am launching this month.

Hope to lay bare all the communist god-less and evil acts so all America may see.

If you have the space will appreciate any mention you care to give.

Your paper is certainly a dandy. Keep up the good work.

As ever, "GENE".

* * * * .

Our NATIVE COMMUNISTS and PRACTICE

Dear Mr. Flitcraft:

Thanks for the copy of your **Anti-Communist** monthly. It is one of the signs of the times. If handled skilfully it may turn out to be a profitable enterprise.

(1) You are telling the truth about the aims of the Communists who seek to overthrow our form of government, by which I mean the form of government the Founding Fathers had in mind, not the kind FDR and Truman is handing us. This latter should and must be overthrown and eradicated.

We have Communism already, you see, in our government. Forcing people to pay taxes for a politically controlled school system is Communism. **The state as the moulder of children's minds IS THE VERY ESSENCE of Communism.**

(2) Again, you tell the truth about Communists seeking to destroy Christianity but you mislead your readers with the claim that "America is a Christian Country". Wish to God it were, but why fool ourselves? To be Christian, America would have eliminated poverty, slums, exploitation, rackets, saloons, prostitution and taking people's money to finance wars, conscript the youth and impose usury.

If you intend to edit a **real Anti-Communist** monthly, don't ignore Communism within our tax structure where the government robs all of us to enrich landed privilege, usury and maintain an army of burocrats who sap our life blood. It is popular to point to Bolshevism as our enemies but Gen. George C. Marshall is a greater enemy of a free people and does us more harm here, now, than Stalin's agents ever could do us; they don't have the power and inside track Marshall has. He is the embodiment of treachery and military dictatorship.

Remember Pearl Harbor!!

Sincerely, C. LEON de ARYAN

A plan to handle the atom bomb was submitted some months ago by Dean Acheson of the State Department. It became known as the Acheson Plan. Under cross-examination Mr. Acheson revealed that the plan had actually been written by the left-wing pinko David Lilienthal. Acheson virtually admitted that he had not even read the plan thoroly. The scheme would turn the atom bomb secret over to the United Nations Commission of which we are not yet a technical part.

Jesus Christ: Our Chairman

Dear Mr. de Aryan:

Thought possibly you might like this for your fine paper. J. W. V.

The New Liberator, April 1931

By WM. DUDLEY PELLEY

One hundred great Business Men of the present generation who would actually elect Jesus Christ as Permanent Chairman of their Boards of Directors, would re-create our modern industrial system, and bring an end to our commercial woes, world-wide, within thirty days.

What an alteration would come in high councils of Great Business if an **Empty Chair** were left at the head of every directors' table for such an Invisible, but Ever-Present, Chairman!

To do it without maudlin sentimentality and in recognition that Christ was, and is, the Greatest Business Man of All Time, would usher in a commercial millennium.

The fury of New Deal opposition in the Senate to continuance of the Special Committee to Investigate War Expenditures indicates that some colossal scandals are about to be exposed. It is thought that there was more graft in the Roosevelt administration than in any administration in American history.

"In nearly one month the great and glorious GOP Senate, the Senate which was going to do everything, has to its credit three major accomplishments: Unanimous confirmation of two Democrats — George Marshall and Fanny Perkins—to high posts, and the granting of a 60-day vacation with pay to Bilbo.

"Let's see, there are 51 Republican Senators, and if we multiply that number by $1250, monthly salary of a member, we get the grand total of $65,650 — about $21,250 per 'accomplishment'."
—Congressman John Rankin, (D-Miss.).

SACRED COWS AGAIN

ALBANY, N. Y.—A bill to outlaw race-bias has been introduced by State Senator Kenneth Serbell into the New York legislature here. Britain Coddles Jewish Terrorists

SYRIAN U. N. DELEGATE CITES 'FOUR JEWS' IN CABINET

NEW YORK, — The British Government is too "humane" to the Jewish terrorists in Palestine, Faris El Khouri, Syrian delegate to the United Nations Security Council, said upon his arrival here on the Cunard White Star liner, the Queen Elizabeth.

Mr. Khouri declared that the British could easily suppress the terrorists in one week. He recalled the "severity" with which the British put down an Arab revolt in 1937, when, he said, "hundreds of Arabs were hanged for small matters." He said that the British government "ought to keep order" in Palestine now.

The sixty-seven-year-old Damascus lawyer said that the British are "docile" with the terrorists because "the American government favors the Jews," and because "there are four Jews in the British Cabinet." Asked by reporters who the four Jewish Cabinet members were, Mr. Khouri Minister of Fuel and Power, named Emanuel Shinwell, and then said that "I don't know the names of the others."

"If the Jews continue to mean to create a sovereign state in the midst of the Arab world," Mr. Khouri said, "it will result in the Jews being driven out in the end as were the crusaders."
